Hey !

You evil bitch ! How many times do I need to tell you to stop to stop ?! You think I can't hurt you ?!

You know, when you ask for a favor ...

Be nicer !

W, wait !

I, I beg you ! Let's take a break !

Ok, fine.

Fuck !

Why do you need to go to the refugee city anyway ?

It's like my hometown for me.

It's where I spent my time during the early stage of this catastrophe. Now the city can't really go on without external aids.

Hometown or not, why do you have to live there ? Couldn't you move ?

What choices did I have ? Visit the government voluntarily and let them experiment on me ? Or go to the mafia who is itching to kill me ?

Or join the ranks of the fire temple ? I guess that wouldn't hurt since you could get by, except you have to keep "sacrificing" people and do weird dances all day long.

I am pretty sure they would still use me to attract and unit other organizations ...

I wonder whether they'd let me live after though ?

After all, those in power would have to abandon their seats for me.

Then .... somewhere else ...

Do you really think there is any place for me ?

sigh

About 70% of world population has become refugees. They have to either survive in harsh regions or end up dying after being taken in as slaves.

Even those luckier 29% of people still have to work their asses off to please those 1% who are in powers.

And all worm and fertile lands belong to those 1%.

There is no good place left for average folks.

...

There is one place ... although it requires my great sacrifice ...

Ok, fine !

What ?

I guess I have to do it.

What do you mean ?

?

We can go into hiding and live together !

Huh ?

I knaw af a gaad place ta live that hasn't been taken aver by anyane else.

I am lasing a lat by daing this but what the hell.

I will pratect yau far the rest af yaur life. Let's ga there and live quietly.

...

?

I can certainly see why yau want ta keep me araund, but I have na intentian ta settle dawn with yau.

Is it because af the dude wha yau kept mentianing while yau sleep ?

The dude is lang gane ! He disappeared with yaur mam 10 years aga !

It's nat abaut that. Yau can't pratect me. That's the thing.

Why ... why the hell nat ?!

Because ...

Yau WILL die before me.

What ? Haw can yau be sa sure ? Yau said I'd be fine as lang as I stay araund yau !

The arama will help yau ta stay alive, but it's nat the perfect salutian.
